Land

Welcome to a prime agricultural opportunity, encompassing +/-156.75 acres of fertile, very flat, and highly productive tillable farmland. This expansive property is characterized by its rich soils and level terrain.

Approximately half of this acreage is currently designated for a winter wheat crop. Crop rotations in the past have included corn, milo, and wheat. The soil quality on this property is exceptional, consisting of all Class 2 soils. Access to this farmland is convenient, with a county road running along the north and east sides. Additionally, electricity lines border the eastern boundary, simplifying any potential development or utility requirements. Currently operated under a 1/3-2/3 share crop agreement with the farm tenant, this property offers a reliable source of income for landowners.

Land

With its flat and fertile terrain, crop diversity, and favorable location to grain markets, this is an asset that promises both productivity and convenience. Whether you're an established farmer or an investor seeking an addition to your portfolio, this is one farm you won't want to miss! This property is one of ten parcels being offered. Contact the listing agent for information on additional acreage for sale in the immediate area.
